

Are you interested working in an environment where you can fully apply your strengths?
Come and work with us in **Alphen a.d. Rhijn** as a

SITE MANAGER (m/f/d) for geotechnical projects

Every day, people around the world live, work and play on ground prepared by Keller, the world's largest geotechnical specialist contractor. Keller is presented in over 40 countries across 6 continents with more than 150 years' experience.

Your tasks:

- ▶ Accountable for managing the overall project performance in line with technical and economic targets, e. g. costs, schedules and HSEQ
- ▶ Consult and support clients, suppliers and subcontractors including conducting negotiations
- ▶ Take the responsibility for planning staff deployment and leading employees in a competent and result-oriented way

Your profile:

- ▶ Successful completed degree in civil engineering
- ▶ Several years of work experience as a site manager in the geotechnical environment and a detailed knowledge in site execution
- ▶ Practical knowledge in construction law and claim management
- ▶ The ability to think and act in a cost-effective manner with well-defined cost awareness
- ▶ High level of project management competence, supplemented by developed negotiation and communication skills
- ▶ Team-oriented and strong leadership skills
- ▶ Fluent communication skills in Dutch are essential (solid communication skills in German and English desirable)

Your application:

If short decision-making channels, a great team spirit and various training possibilities catch your interest, then send us your application with your salary expectation and your possible start date to: personal.de@keller.com. If you have any further questions, please do not hesitate to contact Markus Bittermann (HR Manager Central Europe) under +49 69 8051-231.
